Mr. Robert Picklin met with a very bad accident last night about 7 o'clock. He was in the act of descending the steps that lead from the veranda to the pavement at his residence. They were covered with ice. He slipped and fell, wrenching his back, bruising himself considerably and received a severe shaking up. Fortunately no bones were broken.

The Mason County Assembly entertained Monday evening at the Neptune Hall with a fancy masquerade ball, which was one of the most enjoyable ever given in this city. The Knights of St. John promenade was led by Miss Marie Emral, ably assisted by Miss Maggie Murphy. The best masques worn were those by the Misses Stahl of Washington in their riding costumes for the ladies, and Mr. John Cook as the ragpicker for the gentlemen. There were 208 present and they danced until 5 o'clock yesterday morning.

In all their contracts for the new Opera-house, the Building Committee had dealings with reliable firms and perfect gentlemen, with a single exception—that of the Mitchell & Vance concern in New York. They make gas fixtures. They also ignore contracts, refuse to answer letters and telegrams, and attempt to overcharge. If any one wants gas fixtures, there are some other establishments in that line that are presided over by gentlemen who haven't yet "busted up," and who understand the common decencies of every-day business life.

SOMEWHAT SURPRISING.

Marriage Yesterday of Mr. Omar Dodson and Mrs. Mary E. Armstrong.

Yesterday shortly before noon County Clerk Wood issued marriage license to Mr. Omar Dodson, aged 36, and Mrs. Mary E. Armstrong, aged 40.

Later they were married by the Rev. Dr. D. D. Chapin of the Church of the Nativity.

There's nothing out of the ordinary in persons getting married; but Mr. Dodson had so long trodden life's pathway alone that his heart was thought to be an invulnerable fortress against darts from Cupid's bow.

How propitious! For on St. Valentine's Day, in the good year of grace, 1899, just before the century had gone to its eternal sleep, Omar fell easy victim and capitulated to a widow's charms—and may his future be one sweet song of love!

Mr. Dodson is one of Maysville's wealthiest and most prosperous merchants, and his bride a most excellent woman.

MR. HENRY P. RHODES.

Fleming County Man Figures in a Tragedy at Denver.

HE DIES FROM HIS WOUNDS.

An Associated Press dispatch from Denver, Col., gives an account of a tragedy which occurred last week in that city in which Henry P. Rhodes, formerly of Fleming and well known in this county, is involved.

Henry P. Rhodes, a prominent young attorney of Denver, who for eight years prior to 1897 was Assistant to United States District Attorney John D. Fleming, died at St. Luke's Hospital Thursday morning as a result of wounds supposed to have been inflicted by himself on the Tuesday afternoon previous. Mr. Rhodes was found in his room very weak from the loss of blood, with deep gashes cut near the arteries of the legs and arms. Medical aid was at once summoned, but after lingering until Thursday he died.

During his suffering he was attended by a young widow of prominence, who was supposed to have been his fiancée. As soon as Rhodes died, the woman, whose name was Mrs. Lavrenius, went to her room and shot and killed her ten-year-old son and then killed herself. The tragedies of Tuesday and Thursday both occurred at the Arno Hotel, where Rhodes and Mrs. Lavrenius boarded.

The cause of Rhodes's act is not known, as he was always a young man of bright mind and pleasant disposition.

The woman was a native of Russia, where she and her husband were exiled once on account of their nihilistic belief. They were later pardoned and came to this country, the husband dying about two years ago at Denver. The woman frequently received remittances from her people in Russia and was supposed to be in good circumstances.

The dead man was 31 years of age and was raised in Fleming county, where two brothers now reside.

The remains were yesterday brought to Elizaville for interment.

NEWBY NOTES FROM NATURE'S GREAT HIGHWAY.

The Ohio is frozen solid at Wheeling.

The ice in the river at this point is very heavy—in fact, about the heaviest ever seen here. The river being at a pretty fair stage is all that keeps it from gorging.

The rapidly falling Ohio has placed boats in dangerous positions. The river is closed at Raven Rock and Newport, points a short distance above Marietta. When the ice breaks up the rivermen fear much damage, as many boats cannot change position where they are aground. The Kanawha, William Duffy, Catherine Davis, Ruth, Eloise, Barnard and Fallie are in the mouth of the Muskingum. The new City of Pittsburgh at the Knox yards is in a very dangerous position. She is caught on the bottom, and ice is sweeping down on her.

Pittsburgh coal operators who have boats in the Ohio river fear for their safety when the ice shall break up. A number of the larger boats are reported in safe harbors along the river, but there are a number of towboats with large coal fleets tied up in the river in dangerous places. It is estimated that from 3,000,000 to 4,000,000 bushels of coal are stranded barges between Parkersburg, W. Va., and Cincinnati. The Fred Wilson sunk at Ravenswood, W. Va., is in a dangerous position. It is stated that should a sudden thaw come the Ohio river will be strewn with wrecks from Pittsburgh to Cincinnati.

We have Watches to suit all sizes and conditions, for boys, girls, ladies and men, from \$1 up. Come in and look at them.

La Grippe is again epidemic. Every precaution should be taken to avoid it. Its specific cure is One Minute Cough Cure. A. J. Shepherd, Publisher Agricultural Journal and Advertiser, Eldon, Mo., says: "No one will be disappointed in using One Minute Cough Cure for La Grippe." Pleasant to take quick to act. Henry W.
